For years now you have been "taached" and preached in school, by parents, by big brother or sister, by every and anybody but yourself. Isn't that so?

You might be thinking, then, what about me? When do I start making up my own mind? Was the teaching and the preaching good, bad or indifferent?

Here, then, is where our

comes in:-

The Vocational Guidance Department and the Senior Canteen, after getting around to all the Senior Clubs, found that you Seniors wanted to start thinking and knowing about yourselves, about jobs, careers, how to go about it all, and get some real solid information through MOVIES and DISCUSSIONS (bull-sessions to you).
